## Experience

### [Dsquares](#) / Senior Mobile Developer

Oct 2021- Present, Smart Village, Giza Governorate, Egypt

- Revamped the Universal App serving **152+** merchants and **3,387+** branches across **Egypt, Saudi Arabia, Jordan, and Dubai**.
- Delivered core React Native features including onboarding, dropdowns, pop-ups, QR code scanning, and async API integrations.
- Integrated features into **ExxonMobil Consumer** App (500K+ users) and **Trader** App.
- Built a **VAT** rewards app using the **VIPER** architecture, enabling citizens to earn coupons and vouchers via QR scanning.
- Designed and implemented the **Leaderboard** module and core **Gamification** features, shipped as a standalone **SDK**, successfully sold within the company, achieving strong adoption and business impact.
- Mentored teammates and shared **iOS** best practices to improve code quality and team efficiency.

### [Robusta Studio](#) / iOS Trainee

Mar 2020 - May 2020, New Cairo, Cairo, Egypt

- Applied **clean code** principles and improved project organization and readability.
- Implemented **MVC** and **MVVM** architectures and delegation patterns.
- Used **GCD** for **concurrency** and **asynchronous API** handling.
- Collaborated with peers and delivered a functional **iOS** project.

### Freelance / iOS Developer

Aug 2017 - Feb 2020

- Developed and deployed custom iOS applications for diverse clients, ensuring high performance and responsiveness.
  - Collaborated with clients to define requirements, translating business needs into functional mobile solutions.
